

TITLE VII
SEWAGE WORKS CONSTRUCTION GRANTS

CHAPTER 90
SCOPE OF TITLE — DEFINITIONS — FORMS — RULES OF PRACTICE

[Prior to 12/3/86, Water, Air and Waste Management[900]]

567—90.1(455B,17A) Scope of title. The department has jurisdiction over the surface and ground-water of the state to prevent, abate and control pollution. As a part of that general responsibility, the department is the agency delegated to administer the grant funding of municipal wastewater treatment works construction pursuant to the federal Water Pollution Control Act. The department also administers state grants for construction of treatment works. A project for construction of municipal wastewater treatment works must comply with the rules of this title to be certified by the department for federal and state grant funding.

This chapter provides for general rules of practice including forms which apply to the public in the department's administration of sewage works construction grants.

567—Chapter 91 contains the criteria for award of grants including the methodology used to determine project funding priority and the general project and program administration rules.

567—90.2 Reserved.
